A Cut Above

- **5 Macro Keys**
- **On-the-fly Macro Recording**
- **7 Multimedia Keys**
- **RGB Lighting (Fully Customizable)**
- **Anti Ghosting Keys**

5 Macro Keys: Assign a series of keyboard strokes, mouse actions and rapid-fire functions to your macro key commands for peak gaming performance.

7 Multimedia Key Commands: Easily control key features for media files, songs, videos and games from your keyboard.

26 Non Conflict Keys: Most games require a combination of keys being pressed simultaneously to execute high level commands. Normal keyboards will not register all keys pressed simultaneously. The KX-150 will register all key gaming commands with its 26 Non Conflict Keys Feature.

RGB Lighting: Adjust a range of RGB lighting effects from your keyboard. No software required. Includes brightness, speed, patterns, etc...

System requirements: Compatible with: Windows 7/8/10 operating system.
